If the city has proceeded under the provisions of subsection 5 of this section, all moneys in excess of that necessary to comply with the provisions of subsection 5 of this section for the removal of the building or structure, less salvage value, shall be paid to the insured.

7. If there are no proceeds of any insurance policy as set forth in subsection 6 of this section, at the request of the taxpayer, the tax bill may be paid in installments over a period of not more than 10 years. The tax bill from date of its issuance shall be a lien on the property and a personal debt against the property owner until paid.

8. Subsection 6 of this section shall apply to fire, explosion or other casualty loss claims arising on all buildings and structures.

9. Subsection 6 of this section does not make the city a party to any insurance contract, and the insurer is not liable to any party for any amount in excess of the proceeds otherwise payable under its insurance policy.

10. The building commissioner may certify in lieu of payment of all or part of the covered claim under subsection 6 that it has obtained satisfactory proof that the insured has removed or will remove the debris and repair, rebuild or otherwise make the premises safe and secure. In this event, the building commissioner shall issue a certificate within thirty days after receipt of proof to permit covered claim payment to the insured without the deduction pursuant to subsection 6 of this section. It shall be the obligation of the insured or other person making the claim to provide the insurance company with the written certificate provided from this subsection.

Any owner, occupant, lessee, mortgagee, agent or any other person having interest in a dangerous building as shown by the land records of the recorder of deeds of the county wherein the land is located, may within thirty days from the receipt of the order of the building commissioner, appeal such decision to the circuit court of the county wherein the land is located, pursuant to the procedure established in Chapter 536 of the Revised Statutes of Missouri.

In cases where it reasonably appears that there is immediate danger to the health, life or safety of any person unless a dangerous building, as defined herein, is immediately repaired, vacated or demolished, the building inspector shall report such facts to the building commissioner and the building commissioner may cause the immediate repair, vacation or demolition of such dangerous building. The cost of such emergency repair, vacation, or demolition of such dangerous building shall be collected in the same manner as provided in Section 7(5).
